Claims for compensation

We have professional indemnity insurance arrangements in place to meet our obligations as an Australian financial services license holder under section 912B of the *Corporations Act 2001* (Cwlth). Our insurance arrangements cover claims relating to the services and conduct of current and former staff.

Chi-X and ASX operate different compensation funds that provide protection for retail investors in the circumstances defined in the Corporations Act and Regulations. The Chi-X compensation fund covers losses resulting from defalcation or fraudulent misuse of your money, property or authority by us, subject to certain exceptions. Since we are also an ASX participant, the following applies in relation to such a loss. If you do not expressly or impliedly instruct us to execute your trading instructions on the Chi-X market, and it is not reasonably apparent from our usual business practice which of the ASX or Chi-X we would use when acting for you, the Chi-X fund will not apply. In this case, the National Guarantee Fund (NGF) may apply, provided the loss is connected to the ASX market and is covered by the NGF claims provisions. The NGF claims provisions are set out in Division 4 of Part 7.5 of the Corporations Act and Regulations (for further information see the legislation and the NGF Information Booklet available at segc.com.au). Note that if your broker is not an ASX participant, the NGF will not apply in any circumstance.
